HOSE CLAMPS

Norma Torro (European Style) Hose Clamps DIN 3017 • Stainless Steel Band & Housing • Zinc & Yellow Steel Screw

Unique off-set non-welded design of the housing provides resistance to over-tightening damage to the hose. The short housing saddle gives a smooth underside ensuring high sealing efficiency. These clamps are original equipment on both domestic and import vehicles. They are particularly suited for fuel, vacuum, water, emission and heater hoses and can be used with silicone hoses.
